

Prairie Livestock Expo Pork Quality Carcass Competition 2018

Dear Manitoba Hog Producer,

Prairie Livestock Expo 2018 held at the Victoria Inn is just around the corner on December 12, 2018 – and of course this means the Pork Quality Carcass Competition Committee is gearing up for another great competition... but this competition is only successful with your involvement.

Your involvement this year will include a chance to win a paid trip to the 2019 World Pork Expo in Des Moines, Iowa! (maximum value of \$2,500). Each carcass entry will receive one ballot entry for a chance at the World Pork Expo prize! So...if you enter 2 carcasses, you get 2 entries in the draw for the prize!

The Pork Quality Carcass Competition is the event that celebrates excellence in pork production by recognizing the “best of the best.” Here, hog producers from across Manitoba come together to compete in what has become the largest hog carcass competition in North America – and possibly the world.

The Carcass Competition is one of the highlights of Prairie Livestock Expo. Along with prize money, the money raised from sponsors is donated to a variety of charities across Manitoba selected by the winning operations. At the 2016 competition, just over \$21,000 of sponsorship money was donated to charity. This was in addition to the donation of the meat from all of the carcasses to Siloam Mission and to Winnipeg Harvest for distribution to the local food banks in communities throughout Manitoba.

The Pork Quality Carcass Competition committee would like to thank you in advance for your involvement and support of our industry and local communities. The success of this event is based on your continued involvement.
